

The FEI Olympic Athletes Ranking – Jumping, covering the period of **1 January 2011 to 1 March 2012** will be used to determine respective qualification. The list is restricted to the thirty (30) best results per rider.

### Generals

For the purpose of qualifying for the Olympic Games, the number of competitions to count will be limited to thirty (30). Conditions for qualifying for the Olympic Games are laid down in the Rules for Equestrian Events at the Olympic Games.

The FEI Olympic Athletes Ranking list takes into account the points obtained from 1 January 2011 until 1 March 2012.

The FEI Olympic Athletes Ranking list is produced by the FEI Headquarters.

The ranking list is updated and released on the first week of each month.

Points are frozen in cases of pregnancy providing that the pregnancy is certified in writing by a medical doctor. The period during which points may be frozen is maximum twelve months. During this period 50% of the Athlete's best 50 results are frozen.

### Point System

Competitions are divided into groups depending on their level. *Refer to definition of Groups.*

For Individual competitions, Athletes obtain points related to their placing in the competitions. The scale of points differs from one group to another. *Refer to scales of points.*

For Team competitions, Athletes obtain points related to their results. If they obtain four penalty points or less in at least one of the rounds, they earn points. *Refer to Nations Cup.*

For Pan-American Games, European Championship (Seniors) and the Rolex FEI World Cup™ Final, the first three placed Athletes obtain bonus points in addition to the points obtained during the competitions. *Refer to bonus.*

The 16 best placed Athletes (plus the Athletes tying for the last place to count) will obtain points in all individual competitions counting for the ranking. Points won by Athletes who are tied are added up and divided equally among them. Two decimals are kept. The second decimal place will be rounded up from .005 and rounded down from .004.

Athletes placed more than once in the first 16 obtain points for their best placing only.

Competitions excluded: Special competitions, meaning show competitions or competitions for which participation is based on personal invitations or for which not all Athletes at the event have the chance to qualify (such as Top Ten, Masters, rotating Horses [n/a to Rotating Individual Final FEI World Championship]), Knock-out, Puissance, Six-bar, Relay, team competitions other than Nations Cup.

There will be no limit on the number of competitions per event which count for the list for the Rolex Rankings provided they meet the criteria of a group.

## Definition of Groups

Individual Competitions: The minimum height of all competitions counting for points is 145cm (NB: exception for the first and last competitions of Regional or Continental Games or Championships as mentioned under Group E)
